

Paula (Sillanpää) Hoggett

I am a "Pottsville Girl" who attended Whitney Public School, Schumacher High and Roland Michener Secondary School and then Sudbury Regional School of Nursing. I grew up swimming, skating and sliding at Porcupine Lake and worked with the committee that rejuvenated Bannerman Park. I have wondered for years why our lake has been allowed to become a sewage dump. Working with FPRW is my opportunity to try and save our lake and river and hopefully, in years to come people will be able to enjoy it as we did with the restoration of the areas surrounding it.
